

News letter – April - May 2023

Hello everyone!

It's been a very busy past few months.

But we are pleased to tell you we will be attending NicoNico festival in Tokyo, this weekend! (April 29th-30th)

We have a fun booth design which we can show the world the fun you can have with Vacuum technology and Robots!

We are looking forward to seeing everyone there, and we can't wait to see what the event has to offer!

URplus

We are proud to announce that the Convum vacuum e-Hand is now a "Certified" unit for use with UR plus Robot and Cobot arms!

UR Plus is a leading European manufacturer and innovator of robotic technology and we hope to work with them more in the future.

For the latest news about the goings on in Convum for our overseas customers, please add us on your preferred social media network!
